A WALLET FROM ZERO

*3COMMAS IS A PLATFORM FOR CRYPTO TRADING BOTS. ITS USERS NEEDED **THEIR OWN WALLET**.*

*NO DESIGN TO START FROM. **AN EMPTY FIGMA PAGE, A BRIEF AND A LOT OF QUESTIONS.***

*THIS IS HOW I GOT FROM QUESTIONS TO **A WALLET PEOPLE CAN TRUST**.*

SCREENS: MY 3COMMAS WALLET FILE IN FIGMA

FIRST, THE BRIEF

FIVE QUESTIONS

PRIORITY? *HIGH.*

FOR WHOM? *FIRST-TIME USERS.*

WHAT FOR? *BUYING AND SELLING CRYPTO.*

SCENARIO? *WHERE EVERY BUTTON AND BANNER LEADS, AND CAN IT BE CLOSED.*

WHERE? *HOME, DASHBOARD, OTHER SECTIONS.*

AND THREE FOR THE TEAM

DO WE CHANGE THE LOOK OF THE ANDROID WALLET ***ALREADY IN PROGRESS****?*

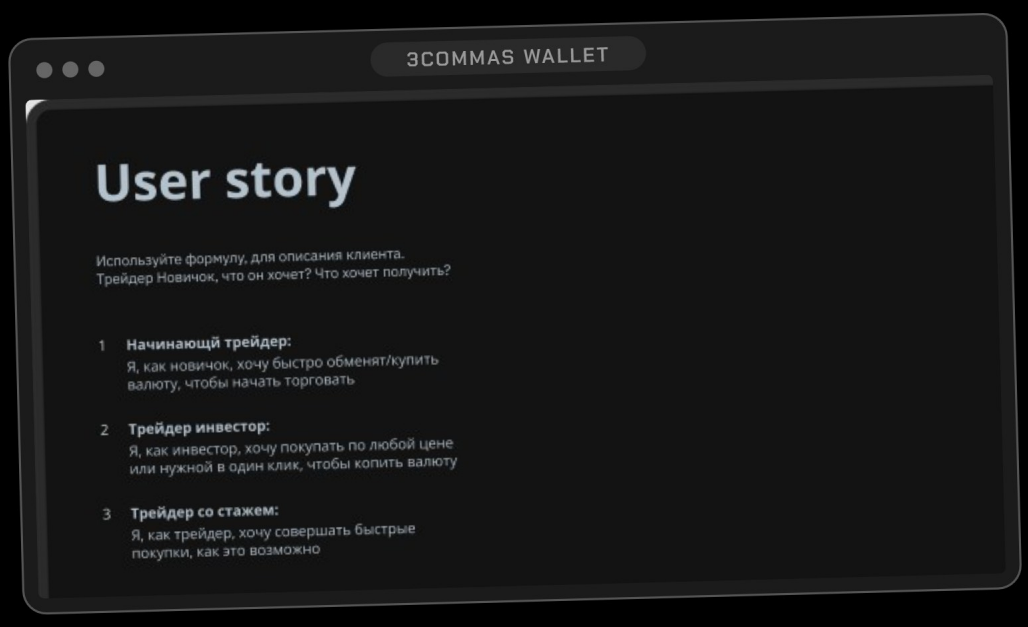

DO WE MERGE IT WITH THE REFERENCE ***I ALREADY SKETCHED A VISION FOR****?*

IF YES: TIME TO DRAW ***MANY SCREENS****, TINKOFF INVESTMENTS STYLE.*

NO PIXELS ***BEFORE QUESTIONS****.*

WHO IS IT FOR?

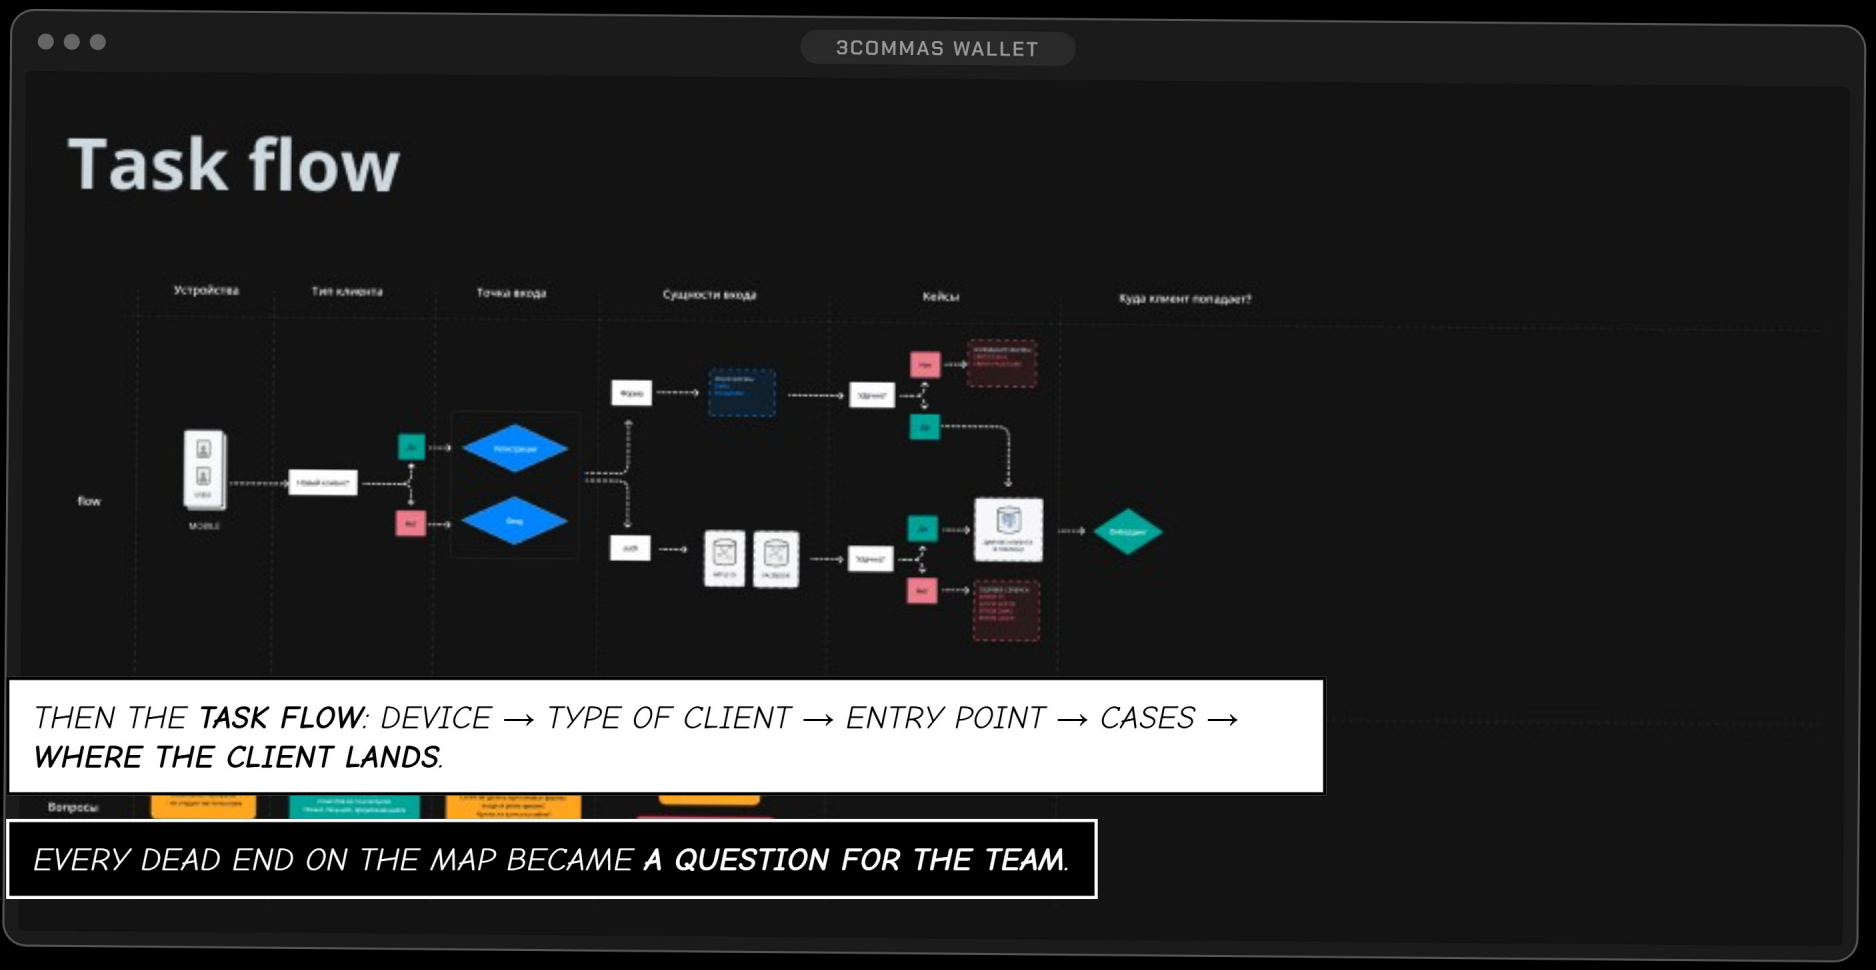

THREE TRADERS

BEGINNER: *"I WANT TO SWAP OR BUY CURRENCY FAST, TO START TRADING."*

INVESTOR: *"I WANT TO BUY AT ANY PRICE, OR MY PRICE, IN ONE CLICK, TO SAVE UP."*

PRO: *"I WANT TO BUY AS FAST AS POSSIBLE."*

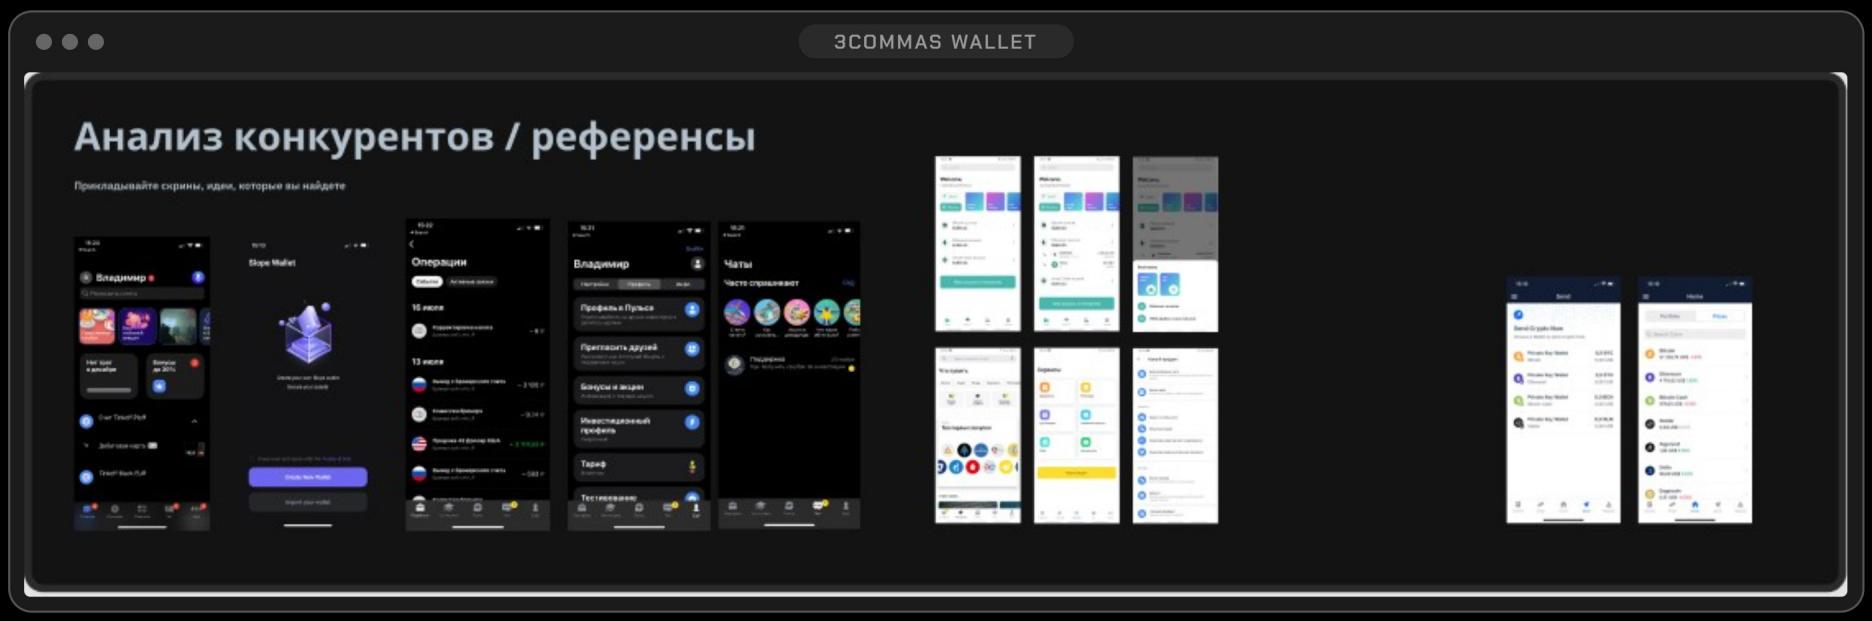

*THEN THE **TASK FLOW**: DEVICE → TYPE OF CLIENT → ENTRY POINT → CASES → **WHERE THE CLIENT LANDS**.*

*EVERY DEAD END ON THE MAP BECAME **A QUESTION FOR THE TEAM**.*

WHAT I STUDIED

COMPETITORS AND REFERENCES: SCREENS, IDEAS, PATTERNS

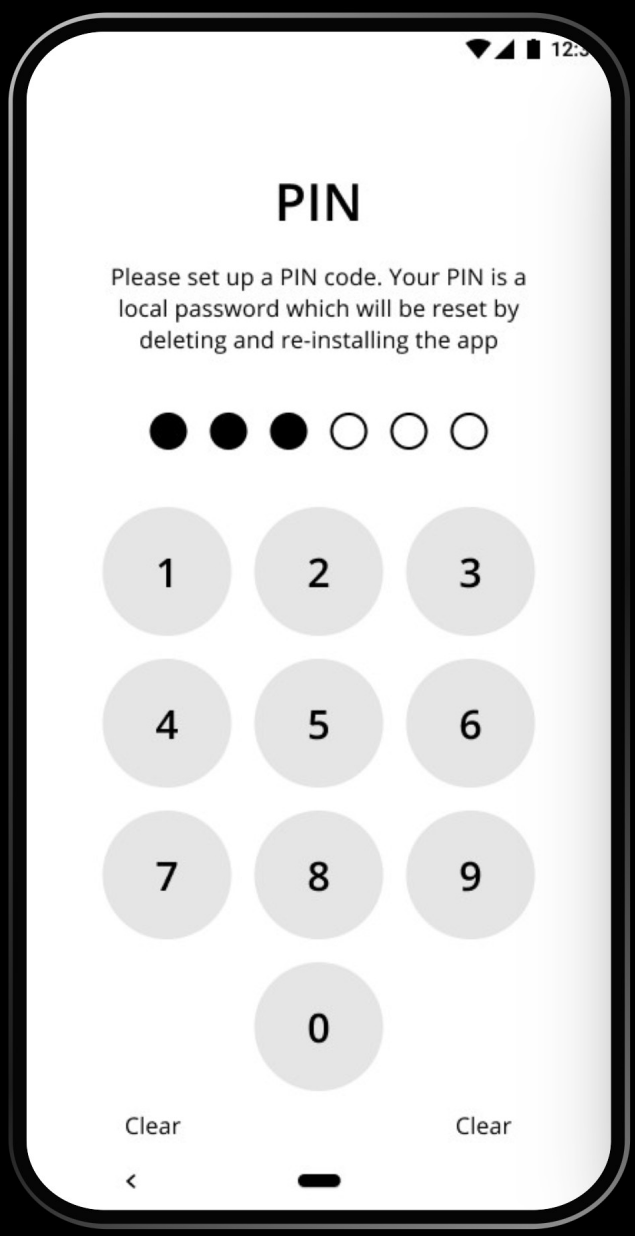

BITCOIN DESIGN GUIDE	*WALLET PATTERNS: TAP TO SWITCH UNITS, HIDDEN BALANCE, ACCOUNT SWITCHER, SECURITY REMINDERS*
TINKOFF INVESTMENTS	*HOW A BIG BANK MAKES BUYING SIMPLE FOR PEOPLE WHO NEVER INVESTED*
CRYPTO WALLETS	*SLOPE, COINBASE, TRUST WALLET: ONBOARDING, RECOVERY PHRASE, SEND AND RECEIVE*
MATERIAL DESIGN	*THE WALLET SHIPS ON ANDROID FIRST: COMPONENTS, NAVIGATION, TOUCH TARGETS*
3COMMAS TRADERS	*SHORT TALKS: WHAT SCARES A BEGINNER, WHAT SLOWS A PRO DOWN*

PATTERN I KEPT SEEING: ***BALANCE ON TOP, TWO BIG ACTIONS, A LIST BELOW.***

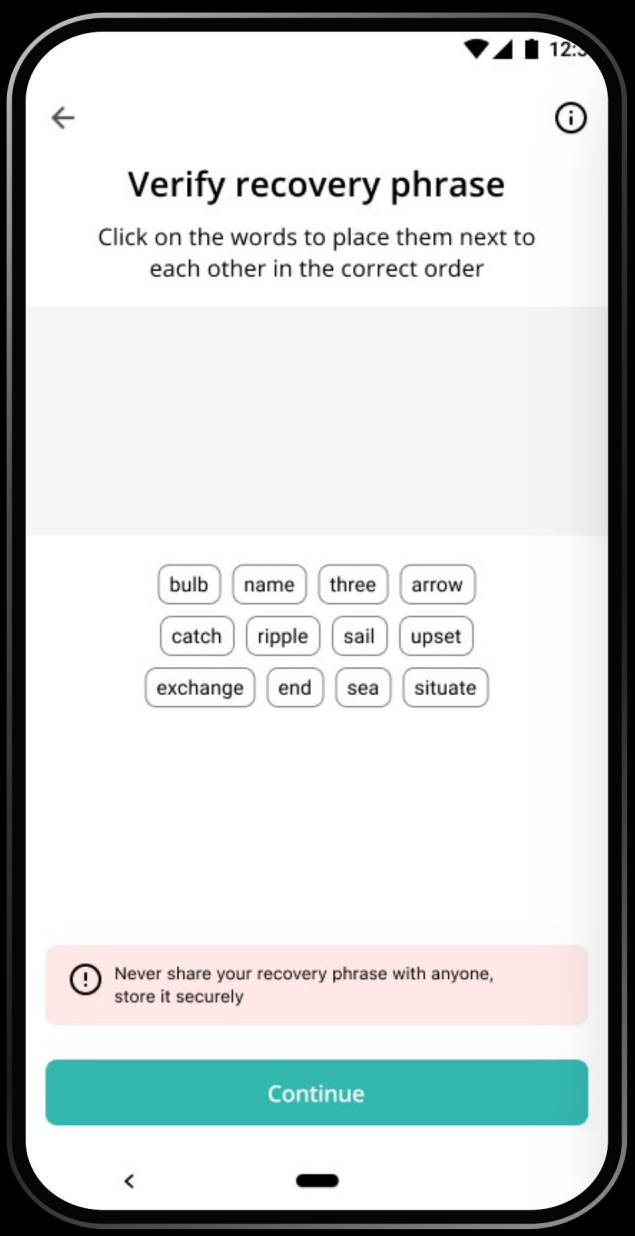

THE FEAR I KEPT HEARING: ***"WHAT IF I LOSE MY COINS?"***

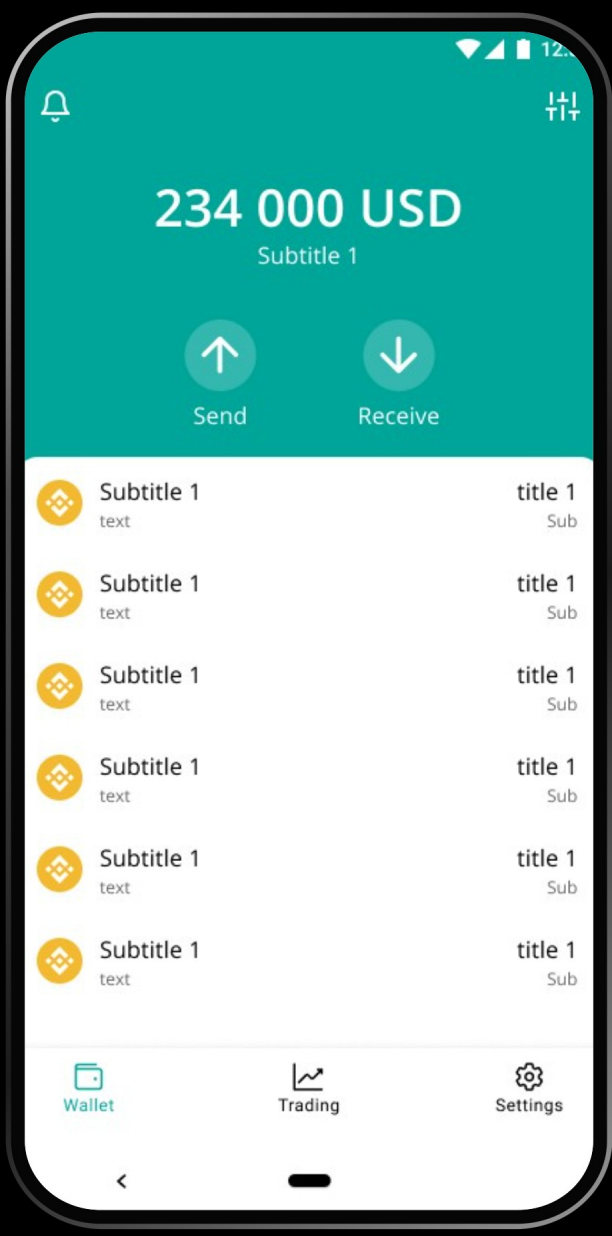

GREY FIRST

PIN

RECOVERY PHRASE

WALLET HOME

*WIREFRAMES IN GREY AND PLACEHOLDERS: **"SUBTITLE 1", "TITLE 1"**. FLOW BEFORE COLOUR.*

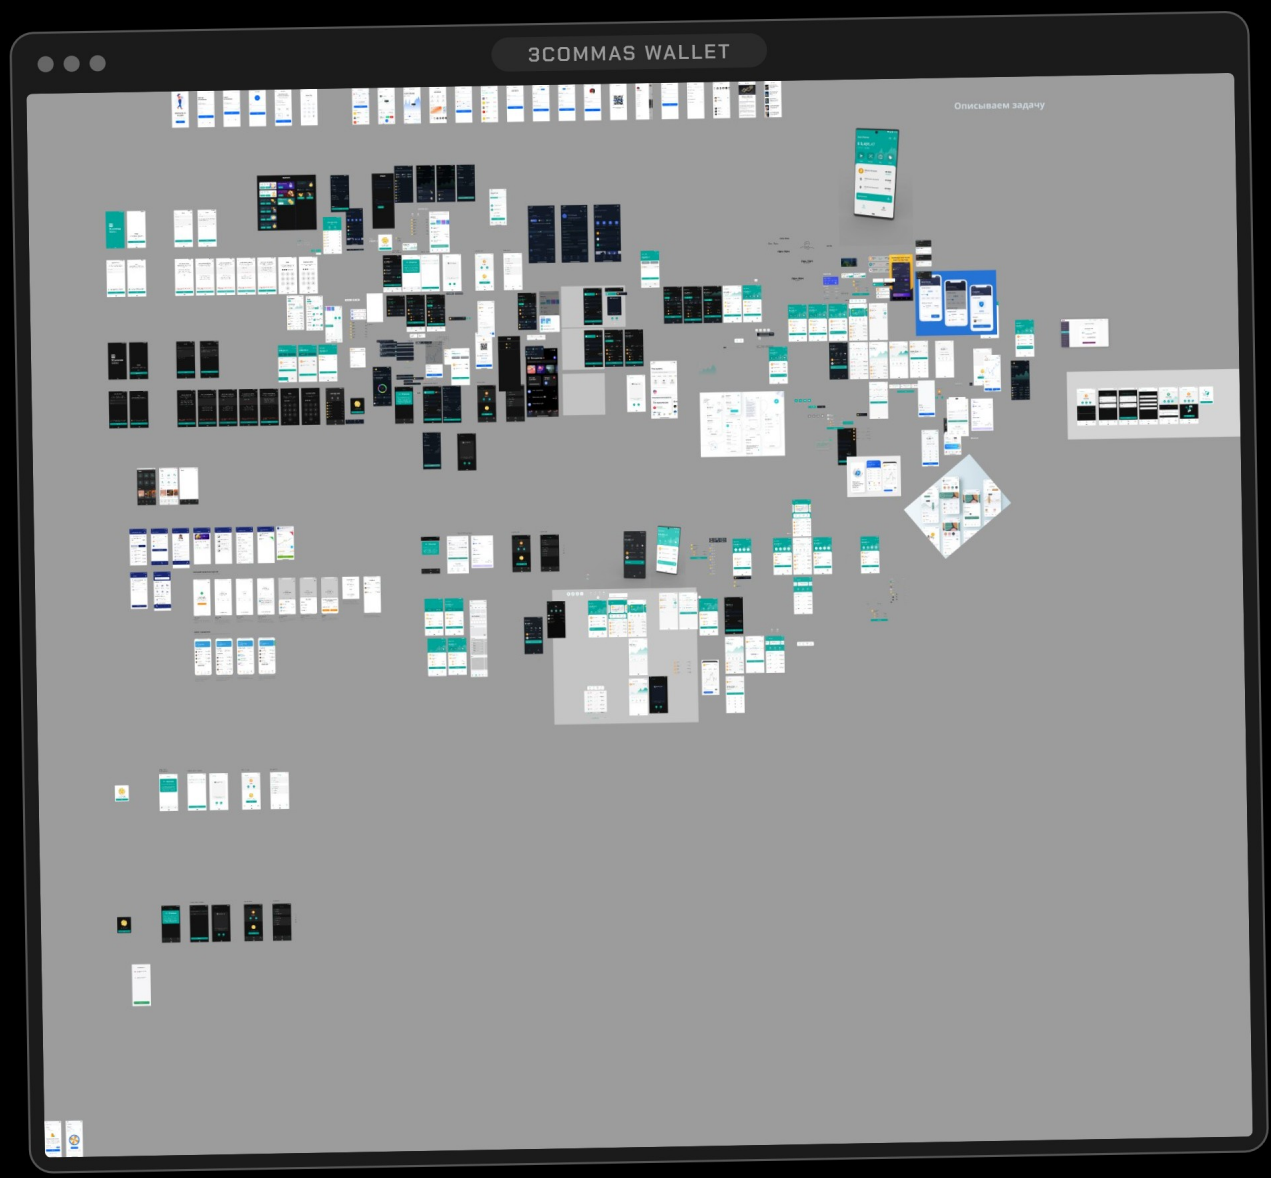

*CREATE WALLET → RECOVERY PHRASE → VERIFY IT WORD BY WORD → PIN. **18 SCREENS JUST FOR THIS.***

*SAFETY COPY IN PLAIN WORDS: **"NEVER SHARE YOUR RECOVERY PHRASE WITH ANYONE."***

*TRUST IS A **FLOW**, NOT A COLOUR.*

A PILE OF SKETCHES

THE REAL BOARD

75 VERSIONS OF THE MAIN SCREEN.

*LIGHT, DARK, BLUE, **TEAL**.*

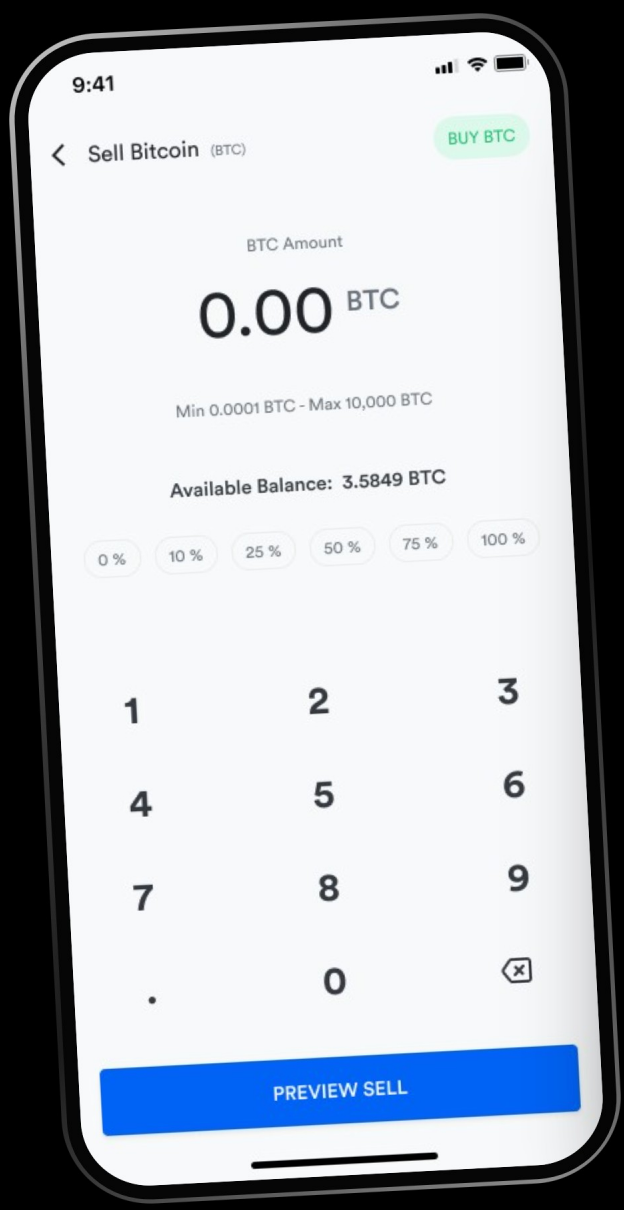

CARDS, LISTS, CHARTS, NEWS, REFERRALS, EXCHANGE.

*MOST OF THEM DIED. THAT IS THE POINT: **EVERY DEAD SKETCH ANSWERED A QUESTION**.*

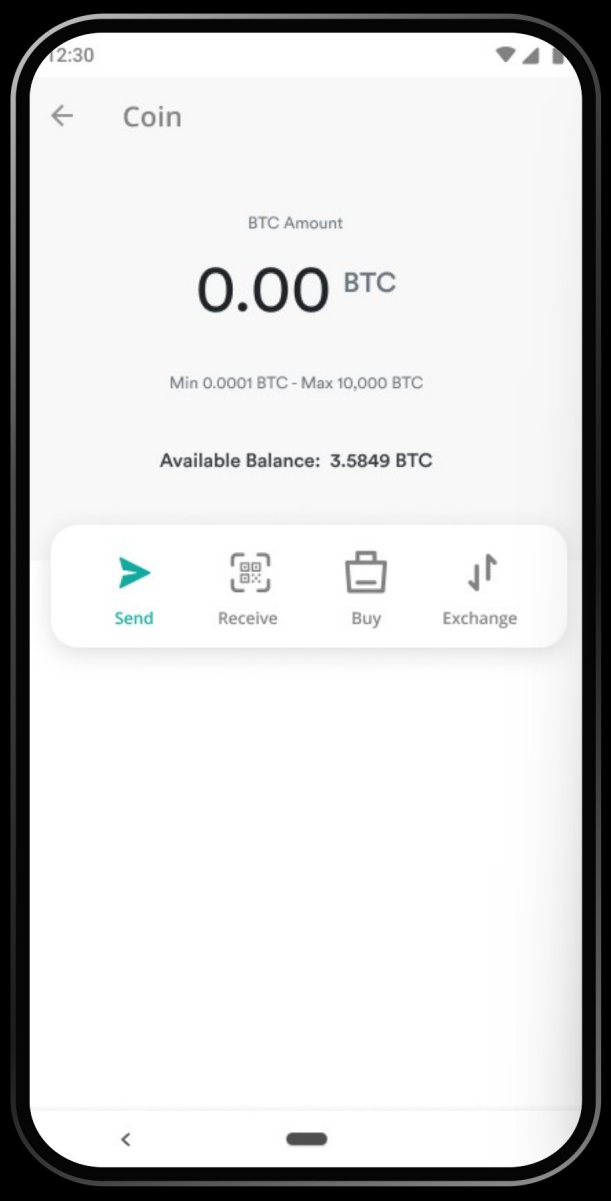

*ONE FRAME ON THE BOARD IS LITERALLY CALLED **"NO IDEAS"**. THEN THE NEXT IDEA CAME.*

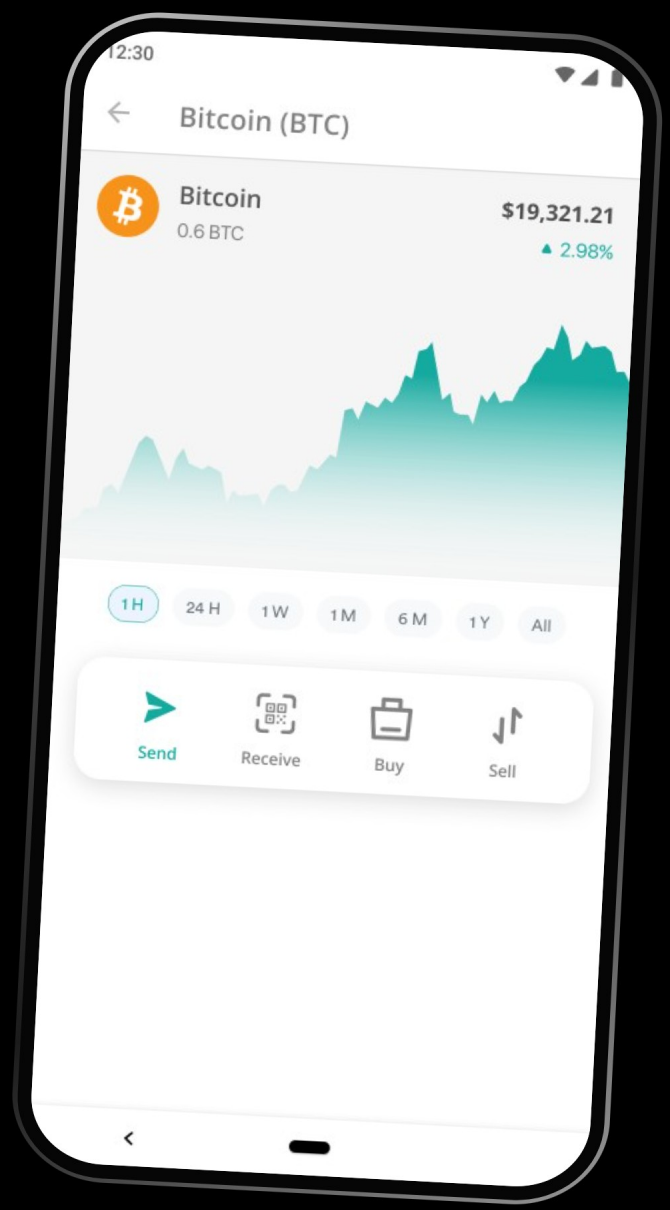

BORROW, THEN MAKE IT OURS

REFERENCE

COIN PAGE DRAFT

COIN PAGE, FINAL

*A REFERENCE NUMPAD SELL SCREEN BECAME **OUR COIN PAGE**: AMOUNT, LIMITS, AVAILABLE BALANCE.*

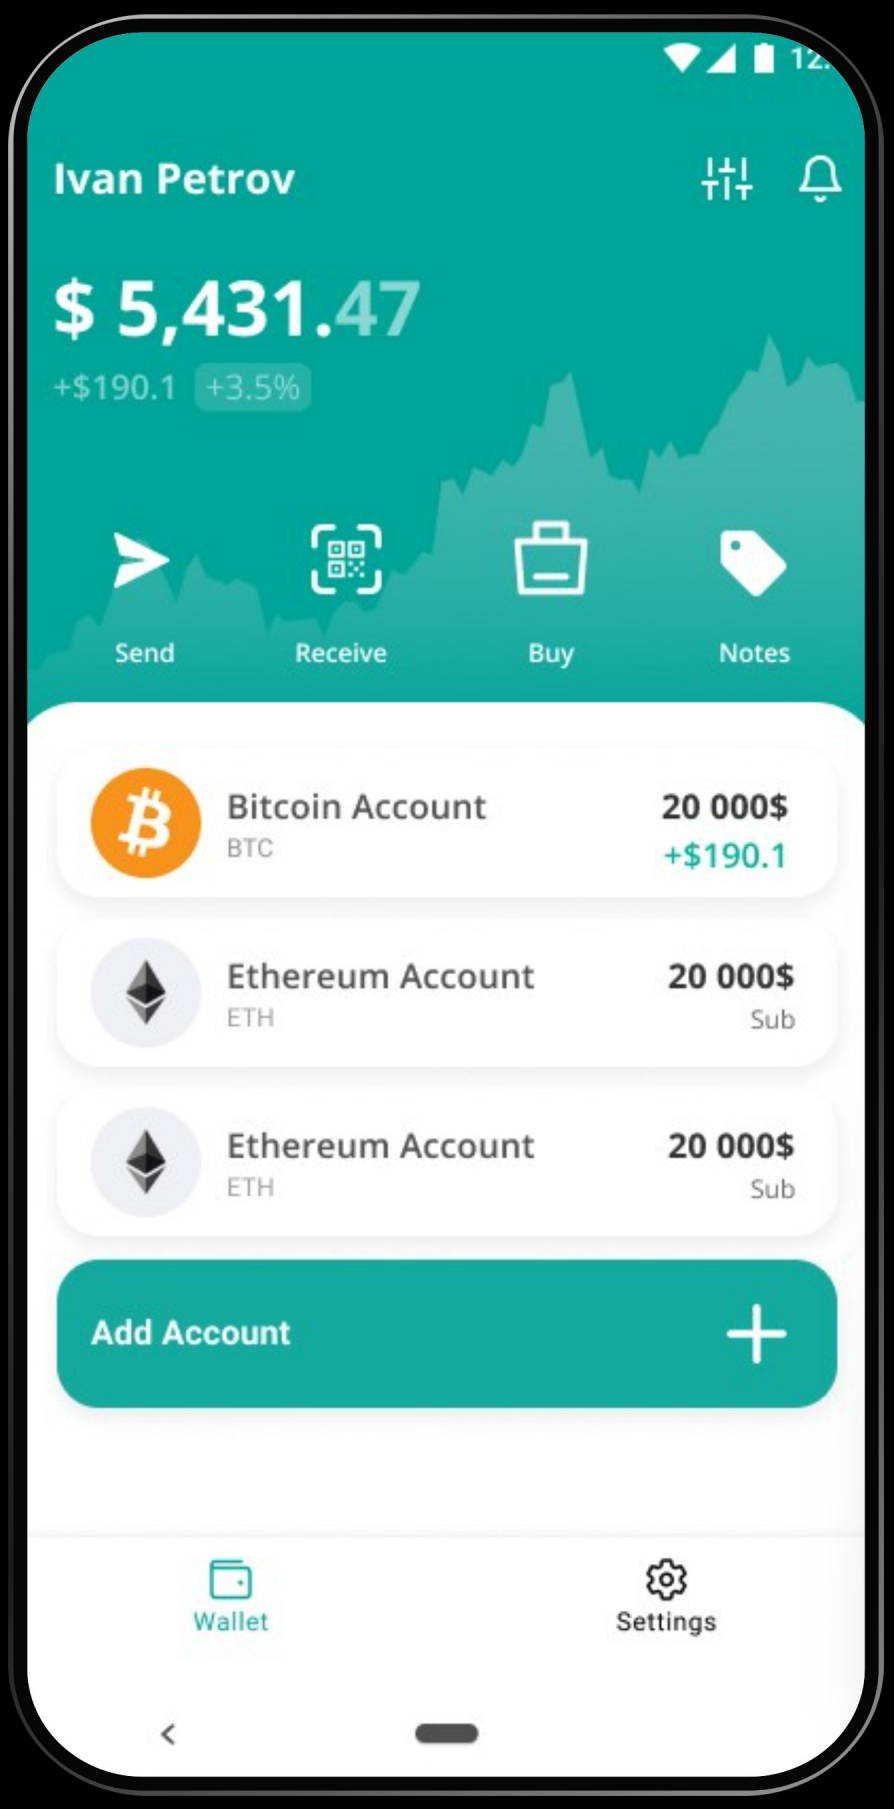

*SEND, RECEIVE, BUY, EXCHANGE IN **ONE FLOATING BAR** THAT SITS OVER THE CONTENT.*

*THEN THE CHART MOVED IN: **PRICE, CHANGE AND PERIODS FROM 1H TO ALL** ON ONE SCREEN.*

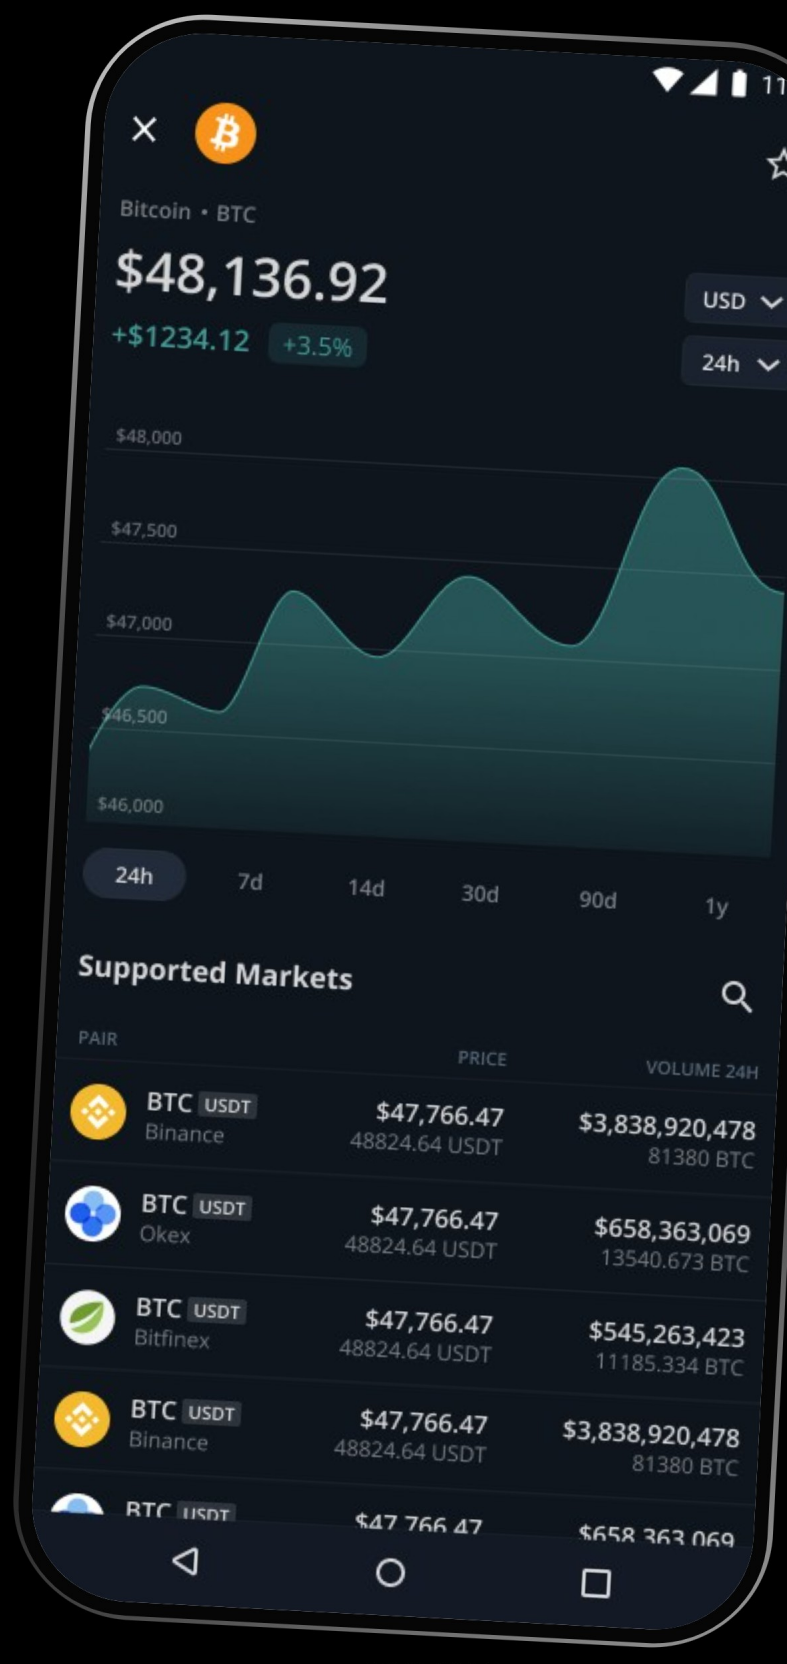

*STEAL THE PATTERN, **NOT THE LOOK**.*

WHAT CAME OUT

WALLET HOME

COIN PAGE

*TOTAL BALANCE AND DAILY CHANGE ON TOP, **THE CHART BEHIND IT**.*

*FOUR ACTIONS: **SEND, RECEIVE, BUY, NOTES**. ACCOUNTS PER COIN, "ADD ACCOUNT" AT THE END.*

*COIN PAGE: PRICE, PERIODS FROM 24H TO 1Y, **SUPPORTED MARKETS** WITH VOLUME.*

WHAT IT TAUGHT ME

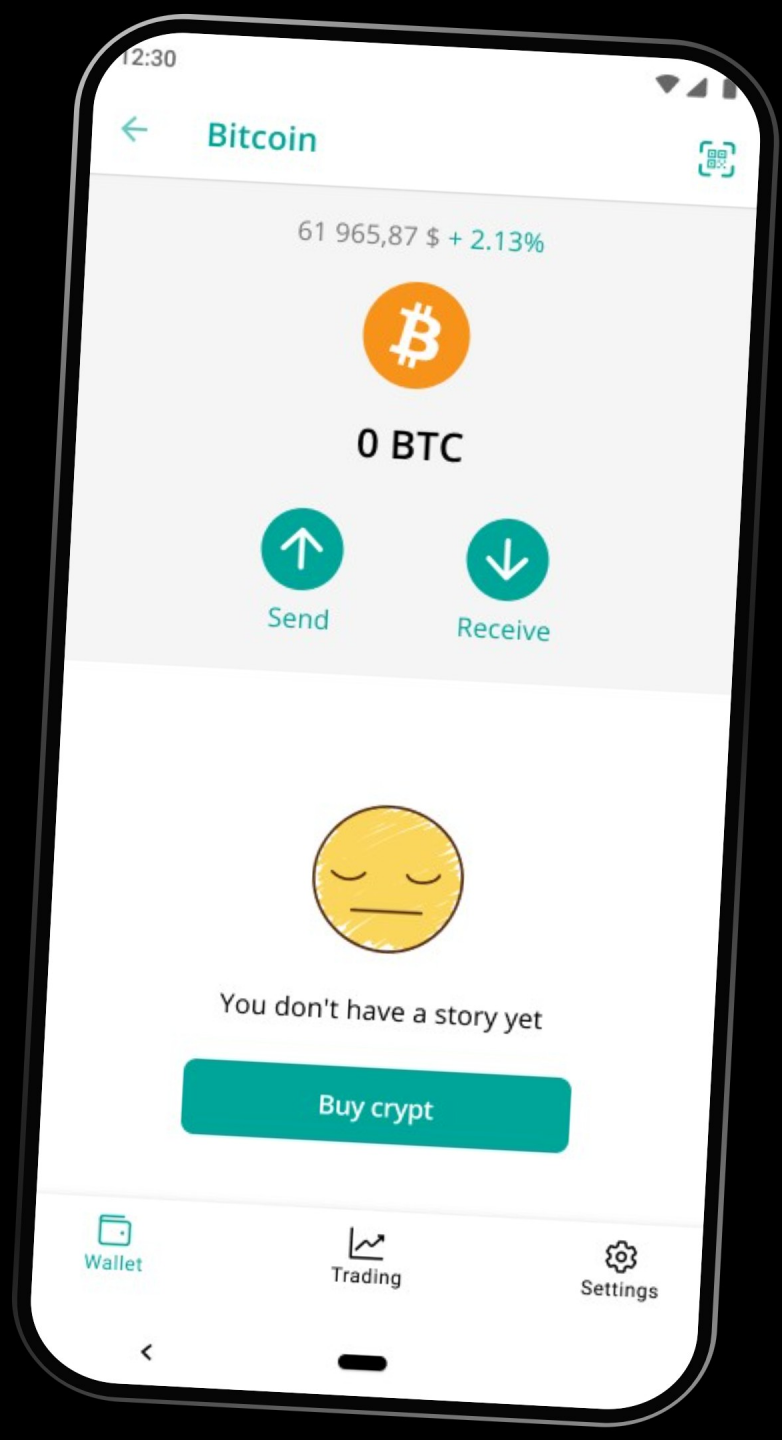

QUESTIONS FIRST. *FIVE QUESTIONS SAVED WEEKS OF REDRAWING.*

PERSONAS DECIDE THE HIERARCHY. *THE BEGINNER GETS THE BIG BUY BUTTON.*

GREY BEFORE TEAL. *FIX THE FLOW WHILE IT IS CHEAP.*

SAFETY IS UX. *RECOVERY PHRASE AND PIN ARE THE MOST IMPORTANT SCREENS.*

EMPTY STATES SELL. *"YOU DON'T HAVE A STORY YET" LEADS TO* **BUY CRYPTO**.

EMPTY STATE

RESEARCH | USER STORIES | TASK FLOW | WIREFRAMES | UI | ANDROID

FROM AN EMPTY PAGE TO **A WALLET YOU TRUST**.
